PLATFORM PLEDGES

DEMOCRATS ENDORSE BOTH PROHIBITION AND SUFFRAGE

ELLISON ON COMMITTEE

Hearty Support Will Be Given Both State and National Administration — 27 Planks

George Robb Ellison returned last night from Jefferson City where he has been attending the Democratic State Convention and a meeting of the Democratic State Committee, of which he is a member. Mr. Ellison was a member of the resolutions committee of the convention which framed the platform.

The platform is a lengthy document containing both a prohibition and suffrage endorsement. In all there are twenty-seven planks in the platform and both the state and national administrations are warmly endorsed.

A brief summary of the platform follows:

Expresses confidence in Woodrow Wilson.

Declares the Democratic party favors the prosecution of the war to a speedy and victorious conclusion at whatever cost.

Declares they will support Woodrow Wilson and his policies.

Advocates vocational training and declares that clashes between capital and labor must be avoided in the reconstruction after the war.

Industry must be dealt with liberally.

Declares transportation systems must be adequate.

Declares that every public measure must stand the following tests: Is it just? Is it for the benefit of the average man without influence or privilege? Does it in real fact embody the highest conception of social justice and of right dealing without regard to person or class or special interest?

Declares for federal farm loan bank system.

Declares its sympathy with labor and a continuance of just labor policy.

Endorses federal and governmental aid to farmers in crop production.

Declares for the woman's suffrage amendment to the contitution.

Asks for law to increase debt-making power of cities.

Calls upon the legislature to declare for the prohibition amendment to the federal constitution.

Declares for law enforcement.

Endorses the state ticket.

Favors enactment of law that will permit only citizens to vote.

Endorses the administration of Governor Gardner.

Endorses the congressional delegation from Missouri as represented by the Democratic members.

Declares for a liberal public school system.

Endorses efforts of the bar association to simplify the laws of the state.

Favors extension of franchise to soldiers.

Declares for laws to promote public health.

Congratulates the people of the state for their showing in war activities; declares for the promotion of the same in every way.

Sends greetings to the sons of Missouri now serving in the army and navy and expresses confidence in their ability to maintain the high standard set by Missouri soldiers of the past.

10 POUNDS WAS NOT ENOUGH

So Ora Walter Changed Permit Given to Purchase Sugar By Putting a 5 In Place of the 0

One day last week Mrs. Ora Walter of Burlington Junction presented to the Zarn Mercantile Co., of that place a sugar permit by County Food Administrator F. P. Robinson, calling for fifteen pounds of sugar. The order was filled and the card filed to be returned to Mr. Robinson.s office for record. On its return it was found that the order originally had been given for ten pounds of sugar, the card showing that the ten had been changed to a fifteen by substitution of a five for the cipher.

Mr. Robinson summoned Walter to his office last Monday and asked to know why the order had been changed. Walter denied that either he or his wife had changed the card. Mr. Robinson required that he write down on paper a list of figures. On comparison the five on the sugar card and the fives written down were similar. Walter again declared his innocence.

Mr. Robinson told him the facts were all against him and said he would give him three days to think it over and to report again on Wednesday.

Yesterday Walter came back and handed the food administrator a receipt fro five pounds of sugar returned to the Zarn store and said that he wanted to admit his guilt in changing the order from ten to fifteen pounds. His only explanation was that he needed the sugar.

Mr. Robinson took his signed statement that he had voluntarily changed the figures on the permit given him and forwarded it to the enforcement division of the food administration at Columbia.

FOLLOW RED CROSS ORDERS

Mrs. George P. Bellows, Director, Asks That Instructions Be Followed Exactly and Tells Why

The following urgent request for all Red Cross knitters to follow directions exactly as issued from headquarters is sent out by Mrs. George P. Bellows, county director of women's work.

People visiting here from other places and those from Nodaway county attending the meetings of other division chapters have been told of other ways of making garments and surgical dressings, and many do not understand just why this should be.

"Follow exactly the directions as sent out by the Southwest Division, to which Nodaway belongs. Doubtless you wonder why some of the surgical dressings, knitting or garments are not made the same here as you have seen them done in some other place—New York, or Cleveland, perhaps. Different divisions are given quotas of work by headquarters at Washington, each to fill a special army or navy need. Varying requirements call for different types of dressings, knitting and garments. So if you follow directions as given out by Chicago or Cleveland or some other place you are filling the requirements for the work Washington asks them to do, but are not, as good soldiers should, obeying the orders of your own Southwest Division, that has equally definite orders from Washington as to what we shall do and how we shall do it. Therefore, please follow your directions exactly and do not place your judgment before that of the division. This will make your work uniform, will greatly aid the inspectors, raise the standard of our work and increase chapter efficiency.

MRS. GEO. P. BELLOWS.
Director of Women's Work for Nodaway County Chapter.

GUARDS ANSWER QUICK CALL

Efficiency of Organization Tested In Hurry Order—Visions of a Trip to the Border Followed

Members of the Maryville Home Guards were considerably surprised and excited when they received a call late yesterday afternoon to report at the armory at 7:30 o'clock last evening. Many thought it was a call to join federal service and to go to the border. The purpose, however, was to find out how quick the company could be mobilized and what percentage of members would be in attendance.

Captain Harry D. Snyder issued the order for the meeting at 4:45 o'clock yesterday afternoon. He notified the sergeants who were to send word to the corporals and then the corporals to call each member of his squad. Of the eighty-two members of the company, sixty-two were called in less than an hour, twelve were out of the city and eight could not be reached by phone.

Being the last night for First Lieutenant George Palfreyman, who left this morning for his new home in St. Joseph, a short drill was given after which they went to the Estes restaurant where lunch was served, with Lieutenant C. C. Hellmers as host. Lieut. Palfreyman gave a short talk and said he would return to Maryville to take part in the drill to be given at the county fair next Friday afternoon. After the lunch the members attended the Empire theatre picture show.

PRESS THE RETREATING HUNS HARD

BRITISH HAVE PUSHED OVER THE HINDENBURG LINE TO DEPTH OF FIVE MILES

REPORTED THE FRENCH HAVE ENTERED NOYON

Americans Battling Fiercely With the Enemy In Juvigny Region — The Huns Fighting For Time to Gain New Defense Line

Special to The Democrat-Forum.

LEAD WAR

London, Aug. 29.—The British have captured Hardecourt and Feuillers, a little more than four miles west of Peronne, and have pushed their line to more than five miles beyond the old Hindenburg line at some points. In thei radvance this morning they seized the elaborate cement trenches and enormous dugouts abandoned by the enemy. Noyon is believed to have been entered by the French.

Approximately 120,000 prisoners and 2,000 machine guns have benn taken by the Allies on the western front since July 18. The tactics of the enemy indicate that the Germans are fighting with the idea in view of using up all the good fighting weather, playing for time to get ready for a new stand. Their retreat to their new line of defense is expected to be from the Ailette river, where it is intersected by the Oise, northward to the Somme and Tortille rivers. It remains to be seen, however, whether or not Hindenburg will be able to execute this gradual retirement in the face of the steady pressure of the advanscing Allied armies.

With the American Army on the Aisne, Vesle Front, Aug. 29.—American troops continued to battle fiercely with the enemy in the Juvigny sector early today, capturing two hundred prisoners, including eight officers. From these prisoners it was learend that the Germans have rushed the seventh Prussian Guard division into action to reinforce the Jaegers, which were being sorely pressed by the Americans.

Paris, Aug. 29.—There were violent bombardments in the course of the night on the Somme front, but there were no activities on the part of the infantry.

London, Aug. 29.—The Germans are strongly holding the southwest outskirts of Noyon, according to a News Agency dispatch received here. General Humbert, however, has outflanked the Germans on the heights of Perquercourt and has crossed the Roye-Noyon road near Searmize and Cantigny. General Depany has penetrated to the neighborhood of Couchy and Ramecourt and has arrived at the Somme between Couylepetit and Gizancourt.

Twenty-six thousand prisoners and more than one hundred big guns have been captured by the British since August 21, it was officially announced today. The British are maintaining their pressure on the enemy south of the Somme and are advancing eastward. North of the Somme the night was quiet.

Will Go to Camp McArthur.

Through an error it was stated in yesterday's Democrat-Forum that the twenty-four draft men called for September 3 would be sent to Camp Funston. The men will go to Camp McArthur, Waco, Texas.

A COUNTY FARM BUREAU.

Are the business men of Maryville interested in the organization of a county farm bureau? A meeting will be held Saturday afternoon when such an organization will be formed. Some three or four hundred of the leading farmers of the county will become members. So far Maryville has apparently taken but little interest in the movement. It would appear that with the government willing to send a special agent here to aid in organization and also putting up $1,500 a year for the support of the bureau, that the thing was decidely worth while.

Maryville and Polk township should be in the lead in the matter and should be on hand Saturday with the largest membership of any township in the county. The farm bureau will bring satisfactory returns to its members thing was decidedly worth while.

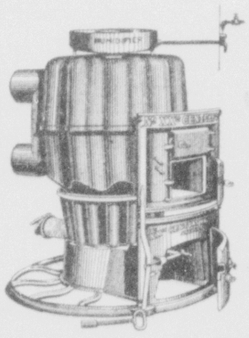
The Cooking and The Heating

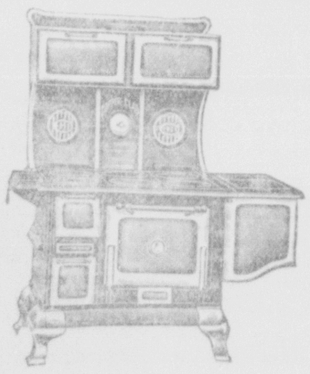
Are the principal problems of the home management this year, and we believe we have solved them in the

XXth Century Furnace and the Copper-Clad Range

The XXth Century Furnace is a time tried furnace in use in many homes in and near Maryville. Any user will tell you that the XXth Century will warm your home with the least fuel and the least effort. That it is a thoroughly reliable furnace—built to use and built to last. It will solve your heating problem more efficiently than any other method we know of. Both pipe and pipeless.



The Copper-Clad Range



Is the best made cook stove we know of. As its name implies, it is really lined with copper between the inner plates and the iron so that the stove will not rust from the outside.

There are many other good features about the copper-clad range which we will be glad to show you.

You should "get in on the ground floor" for your stove and furnaces, because iron and steel products are going to be harder and harder to get.

They are guests today until their departure to St. Joseph, where they expect to live, of Miss Martha Koch at the C. D. Koch home. Mr. Palfreyman will be athletic director at the Central high school in St. Joseph this year.

Entertain Tarkio Guests.

Mr. and Mrs. E. Everist, living west of the city entertained a party of relatives Sunday, who motored over from Tarkio and spent the day at the Everist farm. Those in the party were Mr. and Mrs. Bruce Everist and son, Bruce, Jr., Mr. and Mrs. Ralph Everist and daughter, Gladys and Mr. and Mrs. George Mathes and son, George, Jr.

Mrs. Thomas Entertains Tuesday Afternoon Club.

Mrs. D. J. Thomas entertained the Tuesday Afternoon Bridge club this afternoon at her home on North Main street. The visiting members were Mrs. Thomas's sister, Miss Mary Shaaber of Reading, Pa., and Mrs. Paul Ream of Kansas City, who is visiting her sister, Mrs. J. F. Colby. Miss Shaaber has been spending the summer with her sister and Dr. Thomas and will return to her home tomorrow.

MOLINE UNIVERSAL TRACTOR

It Solves The Farm Help Problem

A One Man Tractor

A Moline Universal Tractor will reduce the cost of operating the average corn belt farm at least one-half over the present methods used with horses.

Because it will do the work of from six to nine head of horses in every farm operation. As a comparison of HORSE and TRACTOR cost, the following is given: On a corn belt farm which will require the services of six head of horses 100 days, the same amount of work, including all necessary belt work, which horses cannot do, can be done by a Moline Universal Tractor in 60 days.

The cost might be summed up as follows: Six horses cost of operating must be maintained the whole year whether they work or remain idle is $1,200. Cost of operating a Moline Universal Tractor would be approximately $557, allowing 6 per cent interest, 12 per cent depreciation, 4 per cent for repairs, $225 for fuel and $50 for other incidental; which is conservatively estimated and is not quite one-half the cost of horse operation, to say nothing of the time saved.

However, if the cost were the same in both cases, the Moline Universal would be the better investment due to the time saved, ability to work at top speed, during the rush seasons, better quality of work, freedom from fatigue, less time required for care, and less space for housing.

Grandma Talks About Babies

Has a large Circle of Listeners Who Profit by Her Wisdom and Experience.

In almost any community there is a grandma who knows Mother's Friend. Not only is she reminiscent of her own experience, but it was through her recommendation that so many expectant mothers derived the comfort and blessing of this famous remedy.

Mother's Friend is an external application prepared especially for expectant mothers after the formula of a noted family physician. It certainly has a wonderful effect in relieving tension brought about by expanding muscles, and is a most grateful encouragement to the woman awaiting motherhood.

The action of Mother's Friend makes the muscles free, pliant and responsive. When baby arrives they expand easily, and pain and danger at the crisis is naturally less.

Strain upon the nerves and ligaments is lessened and in place of a period of discomfort and consequent dread, it is a season of calm repose and happy anticipation.

Mother's Friend enables the mother to preserve her health and natural grace and she remains a pretty mother by having avoided the pain and suffering which more often than otherwise accompanies such an occasion when nature is unaided.

Write the Bradfield Regulator Co., Lamar Bldg., Atlanta, Ga., for their "Motherhood Book," so valuable to expectant mothers, and in the meantime do not by any chance fail to purchase a bottle of Mother's Friend from the druggist and thus fortify yourself against pain and discomfort. Mother's Friend should be applied night and morning with the utmost regularity.

A THOROUGH TEST.

One to Convince the Most Skeptical Maryville Reader.

The test of time is the test that counts.

Doan's Kidney Pills have made their reputation by effective action.

The following case is typical.

Maryville residents should be convinced.

The testimony is confirmed — the proof complete.

Testimony like this cannon be ignored.

Mrs. R. Snyder, 1008 E. Third St., Maryville, says: "I had pains across my kidneys for sometime. I felt tired all the time and couldn't rest well at night. Doan's Kidney Pills gave me great relief. The pain from my kidneys left, the feeling of languor disappeared and my health improved." (Statement given October 2, 1912).

On June 12, 1916, Mrs. Snyder said: "It hasn't been necessary for me to use a kidney medicine for about two years now, so I know Doan's Kidney Pills have given me permanent benefit. I gladly endorse this medicine, for I think highly of it."

Price 60c, at all dealers. Don't simply ask for a kidney remedy — get Doan's Kidney Pills — the same that Mrs. Snyder had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y. Adv.

Red Crown Gasoline
is the "Balanced Ration" for Automobiles

Give to man an unbalanced diet and the human machinery clogs —is inefficient and needs repairs.

Use gasoline without a perfect and continuous chain of boiling point fractions and you have excessive carbon, jerky power and a racked engine.

Buy Red Crown Gasoline

It contains a perfect chain of boiling point fractions, commencing at about 95 degrees Fahrenheit and continuing in an unbroken chain to above 400 degrees.

It is made especially for automobiles by the greatest refining organization in the world with all the care and precision the greatest physician would use in prescribing a diet—to give a "balanced ration."
